

## Libraries, Arts and Information

# Your Library Your Say

## Community Engagement Events

Thank you to everyone who filled in one of our questionnaires about library services.

We've organised some events where you can find out the results of the survey and share your views about libraries, and how you think services should be provided in the future.

Library users and non-users are welcome at these sessions. No booking required.

For more information on the sessions please contact: 0121 704 6958
