## Notice of updated southbound road and lane closures on the A452 and A446

November 2019 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the new high speed railway for Britain. Early works for HS2 are carried out by a joint venture between Laing O'Rourke and Murphy & Sons known as LM. In your area, we are working near the A452, A45 and M42, which surround the site of the future HS2 Interchange Station.

### We're creating a new access road

We need to create a new access road located off the A446 southbound to service a future construction compound. This road will tie into the existing road network and connect to haul roads on HS2 land, for the exclusive use of our construction vehicles. This new route, as well as those completed off the A452 and B4438, will reduce traffic disruption in the future and help to alleviate congestion. We need to carry out a number of road and single lane closures to protect our workforce, and the travelling public, whilst we carry out our works.

### We'll be starting work on 10 November

To carry out our works safely, we will need to undertake traffic measures on the A452 and A446 southbound, between Sunday 10 November and Friday 20 December. This will include:

- Overnight road closures (see map on page 2)
- 24/7 single lane closures (see map on page 2)
- Daytime and overnight single lane and road closures (see map on page 3)

Signed diversion routes will be in place for the road closures. There will be designated road and lane closure times, but our contractors may be on site up to an hour before and after those times to set up and close down the site. Vehicle and pedestrian access to businesses, including Melbicks Garden Centre, will be maintained throughout our works.

**If you have a question about HS2 or our works, please contact our helpdesk on 08081 434 434 or email [HS2enquiries@hs2.org.uk](mailto:HS2enquiries@hs2.org.uk)**
