

M42 junction 6 improvement scheme

Public information events

We're making safety and capacity improvements to the M42 at junction 6 by building:

- a new 2.4km dual carriageway link road between the A45 Clock Interchange and a new junction on the M42 south of junction 6
- a new junction 5a on the M42 motorway
- two new roundabouts on either side of the M42 motorway
- a new footbridge over the A45

Once complete, the upgrade will reduce congestion at junction 6 and allow better movement of traffic on and off the A45. Our work will improve journey reliability, make it easier to get to key businesses including Birmingham Airport and the NEC, and improve the travelling experience for cyclists and walkers.

Later this month we're holding public information events so the project team can share updates about how the scheme is progressing and answer your questions. You can drop in to the events on:

24 September 11am to 8pm

Catherine de Barnes
Village Hall
97 Hampton Lane
Catherine de Barnes, B91 2TJ

27 September 10am to 7pm

Arden Hotel & Leisure Club
Henley Suite
Coventry Road
Bickenhill, B92 0EH
