Date: 09 February 2022

Dear Sir/Madam

**Proposed New Traffic Regulation Order – Field Lane, Solihull**

I'm writing to inform you about the council's proposals to introduce a new Traffic Regulation Order (TRO) on Field Lane.

Through the council's annual Traffic Regulation Order framework, Field Lane was prioritised to be considered for the implementation of a one-way traffic flow in response to concerns around the route being used as a short cut, the narrow carriageway width and potential conflicts with other road users, and parking associated with the Football Club.

The resultant scheme following investigation is a proposed one-way working between Lugtrout Lane and Hampton Lane in a southerly direction only, a 20 mph maximum speed limit to help control traffic speeds, and double yellow lines on Field Lane at its junction with Lugtrout Lane, and further double yellow lines on Lugtrout Lane, as detailed on the enclosed plan.

In summary, this proposal seeks regulate traffic speeds and parking, and address the use of Field Lane as an unsuitable short cut (rat run) by vehicles seeking to avoid queues on Hampton Lane at peak/busy times.

The necessary Traffic Regulation Order will be formally advertised on 17 February 2022. Anyone wishing to support or object to the proposals should apply in writing to Mr Lee Stevenson, Resources Directorate, stating the grounds on which the representation is being made by no later than 10 March November 2022 at either the address given above or via email to [tro@solihull.gov.uk](mailto:tro@solihull.gov.uk).

Any representations received during the 3 week statutory consultation period will be considered after the above date, before a final decision is made. Further details can be obtained by visiting Solihull Connect, The Core, Theatre Square, Touchwood, Solihull during normal opening hours or via <https://www.solihull.gov.uk/Roads-pavements-and-streetcare/Traffic-regulation-orders>

Yours faithfully

*S. Hawley*
