Comments Details

Commenter Type:	Councillor
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:

We note for the planning portal that amended plans have been lodged for this application and would like to take this opportunity of re-affirming the contents of our initial email response dated 29th April.

We are particularly concerned that the site is in Green Belt and the side extension has windows overlooking the neighbouring property and is very close to the boundary. On viewing the property from the road, it appears that most if not

all of the work has been taken and that this application is in fact a retrospective application.

We strongly object to and can see no reason why the works should have been undertaken yet alone completed, certainly at the front of the property , prior to the planning application being considered .

We would strongly support this application be considered by the Planning Committee.

Kind regards
