Comments Details

Commenter Type: Councillor

Stance: Customer objects to the Planning Application

Reasons for comment:

Comments: Upon reading the application form, it seems that the only reason for the requested removal of the trees is to accommodate future landscaping.

The trees appear healthy, and, for this reason, the Parish Council see no reason for their removal and suggest that they could be accommodated in any future landscaping proposals. The planting of laurels is welcomed but, in our view, does not represent adequate mitigation works.

We do not have the expertise to accurately assess the trees and request that no planning decision be made until the trees have been assessed for their health by an SMBC or consultant arboriculturist.
