Email:	clerk@hamptoninarden.org.uk
Address:	Fentham Hall, Marsh Lane, Hampton In Arden, Solihull B92 0AH

Comments Details

Commenter Type:	Councillor
Stance:	Customer made comments neither objecting to or supporting the Planning Application

Reasons for comment:

Comments: The Parish Council has no issues with application as it stands on the basis that any approval is conditional on the noise mitigation actions detailed in the Noise Assessment document are followed.

The relevant clause in the " INDUSTRIAL NOISE IMPACT ASSESSMENT INSTALLATION OF NEW PLANT" included with the application documentation is detailed below :-

6.6 Mitigation Measures Required Based on the above assessment it will be required to install silencer after the fan unit for both the inlet and extract fans. Based on the data provided, no additional acoustic housing is required to the fan

units themselves. This will ensure noise levels of at least -5 dB below the background noise level as this is likely to be a requirement of the local planning authority.

Kind regards
