

Notice of traffic management on the M42 and at junction 4 of the M6

June 2023 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. Balfour Beatty VINCI (BBV) is working in partnership with HS2 Ltd to build the new high-speed railway in your area.

The work we will be doing

BBV have been significantly reconfiguring the junction of the A446 Stonebridge Road and A452 Chester Road near Birmingham Business Park to facilitate the construction of a box structure (bridge) that will take the new railway over the M42. This summer we plan to remove one of the existing road bridges over the M42 that form Northway Island. Before this demolition work can take place, we need to undertake some preparation work.

17 July – 18 July 2023

A northbound lane closure will be in place at night between 9pm and 5am to install a safety barrier in the hard shoulder. The hard shoulder will then be closed until 14 August.

18 July -19 July 2023

A southbound lane closure will be in place as well as a link road at Junction 4 of the M6 to the southbound carriageway of the M42, both will be closed between 9pm and 5am while we undertake enabling work. The hard shoulder will then be closed until 14 August.

21 July – 24 July 2023

A lane closure on both sides of the M42 between Junction 6 and 7 will be in place at night between 9pm and 5am. The link road at Junction 4 connecting the northbound carriageway of the M6 to the southbound carriageway of the M42 will be closed between 9pm and 5am while we undertake enabling work.

24 July - 26 July 2023

A lane closure on both sides of the M42 between Junction 6 and 7 will be in place at night between 9pm and 5am to undertake enabling work.

26 July – 11 August 2023

A lane closure on both sides of the M42 between Junction 6 and 7 will be in place at night between 9pm and 5am. The link road at Junction 4 connecting the northbound carriageway of the M6 to the southbound carriageway of the M42 will be closed between 9pm and 5am while we undertake enabling work.

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>
