Comments Details

Commenter Type: Councillor

Stance: Customer made comments neither objecting to or supporting the Planning Application

Reasons for comment:

Comments: Whilst the Parish Council has no objection to the application in principle, it has

one concern which relates to the risk of increased on street parking. We request that any additional parking arising out of the increase in capacity must be provided for on-site. The village is battling with on-street parking issues which are proving impossible to resolve and any additional on street parking in the vicinity of the High Street would make things even more difficult.

Kind regards
